

# In Case of Emergency, Who Cares for Your Pets?

Pets are family. In case of emergency, we all want our pets to have the same love and care we'd give them ourselves. Print and fill in these cards to help make sure your pets get the care they need in an emergency.

## WALLET CARD (below)

Cut out, fill in your information, and fold in half with the information facing out. Carry this card with you to make sure your instructions are known if an emergency occurs.

## WINDOW ALERT SIGN (right)

Cut out, fill in your information, and fold in half with the information facing out. Place the sign with the red side facing outside in a window near each door of your home. This way, the private details about your emergency contacts will be inside for emergency responders, but not seen by someone passing by.
